Experience

Lead Designer — Float Financial
(2025 – Present)

- **Lead all brand and marketing design initiatives**, establishing the visual strategy and maintaining a high bar of quality across all growth channels.
- **Partner cross-functionally** with Product Marketing Managers (PMMs) and the Product Design team to strategize and execute high-converting growth marketing campaigns.
- **Direct the design and launch** of complex web projects, landing pages, and end-to-end campaign rollouts, ensuring alignment with overarching business goals.
- **Lead rebrand** initiative from concept to full blown new visual identity for Float. Include owning the redesign and overhaul of site over to Webflow.

Senior Digital Designer — Loblaw (PC Optimum)
(2024-2025)

- **Established and scaled the Email Design Library**, translating core brand guidelines into a robust system of reusable components to streamline design workflows.
- **Led CRM and digital design** execution for major marketing campaigns, including high-visibility mobile app offer updates across the broader PC Optimum ecosystem.
- **Conceptualized, designed, and owned the end-to-end creative launch** for the high-profile DoorDash and PC Optimum partnership.

Product Designer — Brunch
(Jan 2024 - Aug 2024)

- **Developed the design system** for our client rtings.com, a consumer product review network.
- **Collaborated cross-functionally** with the product design team and with client product managers and engineers through weekly shares. Delivered end to end experience for the revamp.
- **Designed a custom set of 26 icons** in the Lucide icon family that were contributed to the Github community.

Senior Art Director / Interactive Designer — Square
(2021-2024)

- **Directed design and art direction for 4 distinct Square products**, creating responsive landing pages and foundational assets that drove product education for newly launched features.
- **Partnered cross-functionally** with research, product marketing, and engineering to align on content strategy, oversee development QA, and continuously iterate designs based on user metrics.
- **Scaled localized designs** across various core user segments and global regions, directing the creation of digital, photo, and video assets (including the Square for Coffee Shops feature).
- **Acted as a people lead and mentor for the design team**, fostering a highly collaborative and inspiring environment through regular design critiques, team rituals, and brainstorm.

Experience

Senior Art Director — ecobee
(2017-2021)

- **Directed end-to-end digital design** and brand experiences that elevated ecobee as a top Canadian tech company, ultimately contributing to its successful acquisition.
- **Led creative strategy across all touchpoints for 4 major product launches**, collaborating seamlessly with product designers, engineers, and product managers from early development to release.
- **Spearheaded a strategic brand overhaul**, developing comprehensive brand guidelines, establishing sonic branding, and producing extensive photography and VFX assets.
- **Supported the foundational design of ecobee's first SaaS platform from scratch**, directly contributing to significant new company revenue streams.
- **Voluntarily expanded scope into UX research** to build a firmer grasp of technical features and user needs, ultimately earning the AVA Platinum Award for Digital Campaign excellence.

XM Designer — Mosaic North America
(2016 - 2017)

- **Conceptualized and designed high-impact experiential marketing (XM) campaigns**, driving immersive brand activations from initial ideation through to final production.
- **Delivered memorable consumer experiences** for a portfolio of top-tier global and national brands, including Google, Samsung Canada, RBC, and Bud Light.

Art Director — Dentsu Creative
(2014-2016)

- **Provided global art direction for high-profile accounts**, including Lexus, Manulife, Uniqlo, and Elevation Pictures, bridging brand strategies across markets in Japan and Toronto.
- **Spearheaded the design of compelling pitch decks and campaign prototypes**, directly contributing to agency business contracts and client retention.
- **Collaborated closely with the studio production team** to develop high-fidelity mockups, ensuring strict adherence to design standards and creative excellence.
- **Directed end-to-end asset production across multiple mediums**, overseeing photography, film, and print campaigns.

Jr. Art Director — OgilvyOne • Ogilvy & Mather
(2013-2014)

- **Delivered impactful art direction and campaign execution** for major global and national brands, including American Express, Unilever, Tim Hortons, and Oreo.
- **Designed and rolled out creative assets across a diverse range of mediums**, executing strategies for print, social media, and Out-of-Home (OOH) advertising.
- **Produced custom illustrations and original graphic assets**, constructing precise layouts while maintaining strict alignment with complex brand guidelines.
